

Dedham Electricity Aggregation Program Update

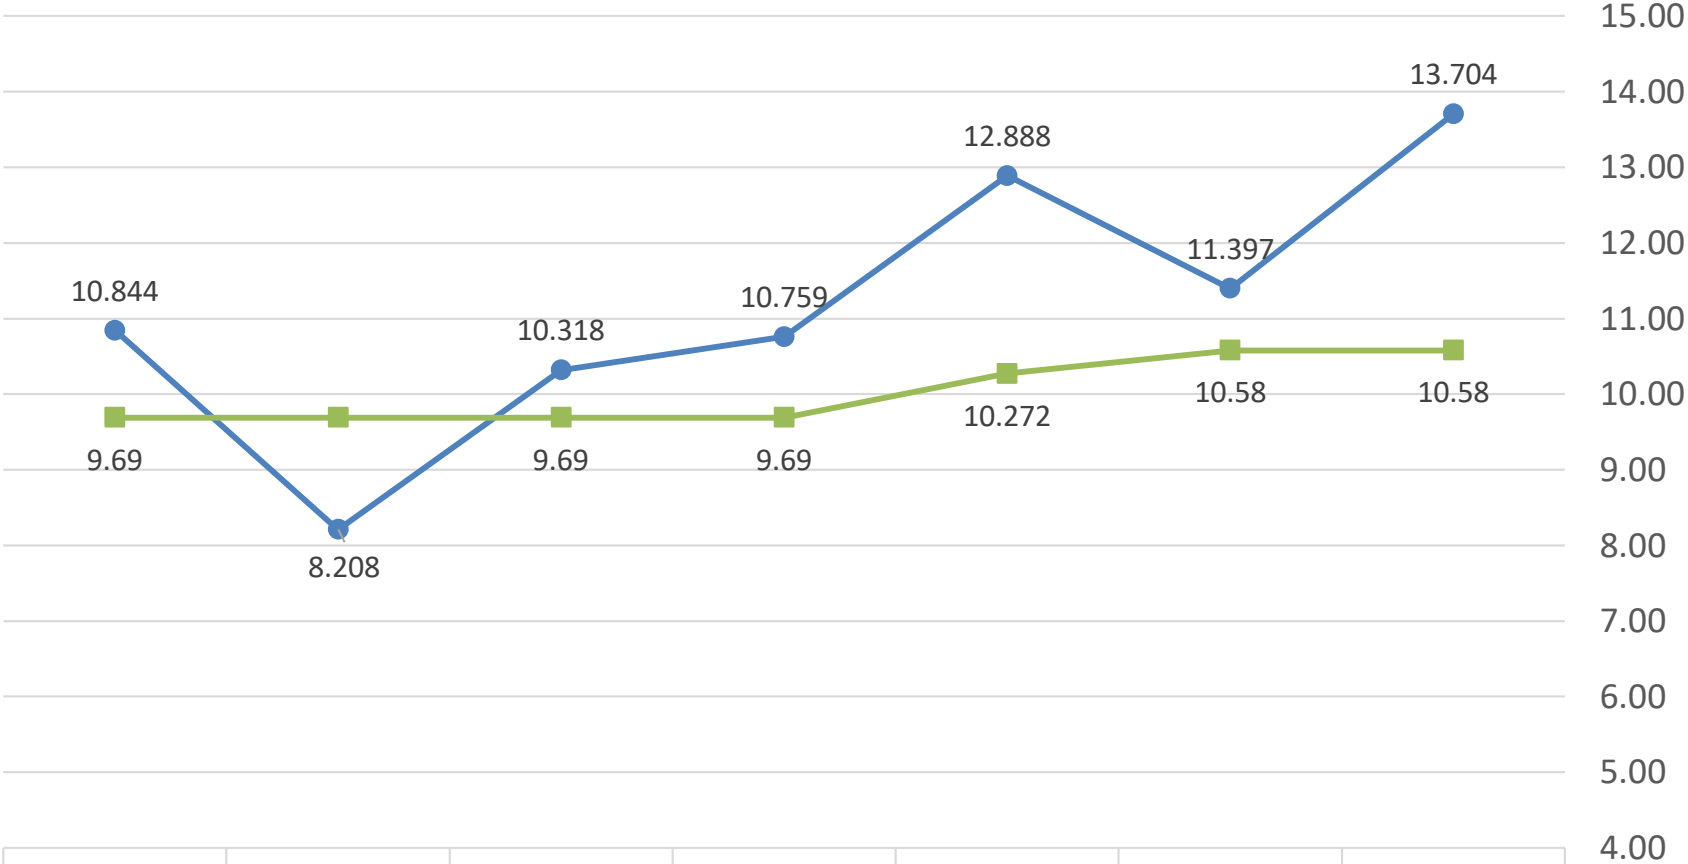

November 29, 2018

A Look Back

- Program launched in Jan. 2016
- Residential Savings (through June 2019):
 - Average household using 635 kWh/month: **\$305**
 - Household using 1,500 kWh/month: **\$720**
 - Total Savings from program launch (Jan '16): **\$1,714,772**
- Residential Enrollments:
 - Current participants: 6,863
 - Peak number of participants: 7,558
- Local RECs through 2018: 9,604
 - Equivalent to 8 MW Solar (approx. 20 acres)
 - 8,230,628 lbs of CO2 displaced
 - 800 cars not driven for 1 year

Aggregation Rate v. ES Basic Service Rate

Winter'16	Summer '16	Winter '17	Summer '17	Winter '18	Summer '18	Winter '19
Jan-16	Jul-16	Jan-17	Jul-17	Jan-18	Jul-18	Jan-19

● ES Basic Service ■ Aggregation

Looking Forward

- Eversource Winter Rate Jan'19 through June '19):
 - **\$0.137** (13.7 cents) per kWh
- Current Aggregation rate: **\$0.1058** (10.58 cents) per kWh
- 100% Green Option: **\$0.1343 per kWh-less than ES rate!**
- Current rate fixed until January 2021
- Exploring renewal will start spring 2020
