

PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,
from November 8, 2021 to November 12, 2021**

Project Overview:

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

What to expect November 8, 2021 (Monday) through November 12, 2021 (Friday):

- The project site remains closed to the public.
- Crews will be onsite **Saturday, November 6, 2021**, to prepare the site for slab-on-grade installation scheduled for **Monday, November 8, 2021**. Approximately 600 cubic yards of concrete will be poured for the slab-on-grade.
 - Trucks may be entering and exiting the site on Monday, November 8, 2021 to deliver concrete. Please expect periodic traffic at the intersection of Washington Street and Bryant Street.
- The de-watering system remains in place and operational.
- During this week, crews will continue the following work onsite:
 - Pour basement mud slabs
 - Install stone and Mirafi fabric (a geotextile fabric used to maintain soil separation) in the basement and underground garage area
 - Install underground electric and overhead automatic transfer switch conduits
 - Masonry work to install the concrete masonry unit (CMU) wall along the north, east, and south
 - Install CMU seismic bracing on the first floor and duct mains on the second floor
- Crews will continue to install drainage manholes and water quality structures on Bryant Street this week:
 - This work may cause traffic delays within the area. More information and updates will be provided prior to the start of work to help facilitate travel in and around this area.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

Public Viewing Area:

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

Construction Hours:

- Crews will be onsite:
 - **Saturday, November 6, 2021: 8:00 AM to 4:00 PM**
 - Monday through Friday: 7:00 AM to 5:00 PM

Project Team Contact Information:

- Immediate issues or concerns, please contact the Dedham Town Manager's Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at psb@dedham-ma.gov
- For more information about the Public Safety Building Project, please visit the project website at www.dedham-ma.gov/psb
- Download our [project team contact information flyer](#) on the project website.
