

# PUBLIC SAFETY BUILDING PROJECT

Weekly Project Updates and  
7-Day Look-Ahead

**Here is a look-ahead at the construction work planned for the Public Safety Building,  
from December 20, 2021 to December 24, 2021**

## **Project Overview:**

Construction of a combined public safety building commenced in December 2020 on the site of the former Town Hall at 26 Bryant Street. The new building will house the staff and equipment of Fire, Police, and Dispatch departments. The new combined Public Safety Building will replace two older Town buildings: Police Station at 600 High Street (built in 1962) and the Fire Station at 436 Washington Street (built in 1930). The new building is scheduled to open in the Fall of 2022.

A [livestream video](#) of the construction is available on the Project website! Tune in from anywhere to watch the continued progress on the Combined Public Safety Building. While there, check out the updated Before-and-After photos of the progress onsite.

## **What to expect December 20, 2021 (Monday) through December 24, 2021 (Friday):**

- The project site remains closed to the public.
- The dewatering system remains in place and operational. The site contractor will be installing a new, precast sewer connection along Union Place.
- As of **Friday, December 17, 2021**, the testing, inspection, and MWRA review of the gas/oil separator is complete.
- Crews will continue the installation of 4-inch concrete masonry unit walls inside the garage.
- Underground duct banks for telecommunication and data lines have been installed along the west and south sides of the site. Inspection of the duct banks has been completed and the areas have been backfilled.
- Continuing **Monday, December 20, 2021**, contractors onsite will install duct mains on the first floor of the building.
- The interior and exterior cold formed metal framing and DensGlass installation is underway and will continue this week on all sides and elevations.
  - DensGlass is sheathing made of fiberglass mat gypsum, used for mold and moisture resistance
- Eversource is scheduled to begin new utility pole work soon.
- Expect periodic entrance and exit of large trucks at the project site entrance, located at the intersection of Washington Street and Bryant Street. **Please expect minor traffic delays at this intersection.**
- No additional traffic impacts or pedestrian impacts are anticipated during this week.

## **Public Viewing Area:**

If you want to stop by to check out the progress, stand by the picnic table outside the north entrance to Town Hall. This spot provides a great view into the project site and is outside of the project boundaries. Worth a visit!

## **Construction Hours:**

- Crews will be onsite:
  - Monday through Friday: 7:00 AM to 5:00 PM

- \*Crews will be working onsite on Friday, December 24, 2021

**Project Team Contact Information:**

- Immediate issues or concerns, please contact the Town Manager's Office at [781-751-9100](tel:781-751-9100).
- For general questions or concerns, please contact the project team at [psb@dedham-ma.gov](mailto:psb@dedham-ma.gov)
- For more information about the Public Safety Building Project, please visit the project website at [www.dedham-ma.gov/psb](http://www.dedham-ma.gov/psb)
- Download our [project team contact information flyer](#) on the project website.
